PROJECTS

BOORTMALT UK

Silo intake & storage upgrade ready for business as new malting plant comes on stream...

PROJECTS CAPABILITIES

To develop a technical and commercially acceptable system solution T H WHITE Projects have been able to utilise available resource from their vast depth of knowledge and experience indicated in the capability schedule.

- Land survey & study
- Conceptual phased approach
- Planning assistance / consultation
- Principal designer / contractor
- Design & build contract
- Detailed engineering solutions
- Procurement / fabrications
- Project management / documentation
- System automation & controls
- Mechanical & electrical installation
- Commissioning & handover
- After sales service & support

PROCESSING WITH CONFIDENCE

As part of the new malting plant being constructed on site (Pauls Malt Ltd) by Seeger the other significant investment was the complete upgrade and refurbishment of the existing concrete storage silo and process building which was awarded to T H WHITE Projects which involved the complete replacement of all existing conveyors/ elevators and processing machinery with a fully automated control system which was successfully completed & commissioned.

INSTALLED CONCRETE SILO HANDLING AND PROCESSING PLANT

Barley Intake & Distribution

- Capacity 200tph
- Chain conveyors
- Belt & bucket elevators
- Magnetic separators
- Horizontal cleaners
- Bulk weighing
- Dust extraction
- Level probes

Malt Processing

- Capacity 100tph
- Chain conveyors
- Belt & bucket elevators
- Screw feeders
- Metering/blending
- In line weighing

Associated Items

- Connecting chute work
- Steelwork
- Access platforms

Automated Controls

Getting the best from machinery, land and buildings since 1832.
