AVAILABLE BULK OUT CAPACITY

With the new malting plant being constructed on site (Pauls Malt Ltd) by Seeger, T H WHITE Projects were awarded a contract for the complete upgrade and refurbishment of the existing concrete silo and process building plus the design and construction of a dedicated suite of external finished malt bulk out loading silos which were needed due to the increased capacity of malt production with both the existing drum Maltings and new facility coming on stream.

INSTALLED STORAGE AND HANDLING EQUIPMENT

1200t Finished Malt Storage

Bulk Out Loading Silos

- 4 x 300t capacity
- Hopper design
- 45 degree cone
- Out loading entablature
- Malt level control
- Automated discharge
- Loading spout
- Truck drive through
- Control system

Handling Machinery

- 100tph capacity feed
- Chain conveyors
- Slow running operation
- High level connections
- Access platforms/stairs
- Steelwork/gantries

Groundworks

- Associated foundations

Getting the best from machinery, land and buildings since 1832.
