

# FARM AND ESTATE

## COBHAM FARMS 2500 TONNE GRAIN STORE

Located near Salisbury in Wiltshire on the Cobham Estate a 2500 tonne grain store designed & constructed by T H WHITE Projects in 2016 has now become part of the scenery as it sits proudly at the top of the approach road overlooking the beautiful rolling countryside.

PROJECTS

# COBHAM FARMS

**Grain storage and drying system the result of a successful design and build project solution...**

## PROJECTS CAPABILITIES

To develop a technical and commercially acceptable system solution T H WHITE Projects have been able to utilise available resource from their vast depth of knowledge and experience indicated in the capability schedule.

- Land survey & study
- Conceptual phased approach
- Planning assistance / consultation
- Principal designer / contractor
- Design & build contract
- Detailed engineering solutions
- Procurement / fabrications
- Project management / documentation
- System automation & controls
- Mechanical & electrical installation
- Commissioning & handover
- After sales service & support

## BENEFITING FROM NEW FACILITY

With the excavations complete and building structure taking shape T H WHITE Projects continued their design and construct approach as they added the specially designed elevated fan house to the rear of the new 2500 tonne grain store which was being built into the hillside of the Cobham Farms Land at the top of the approach road. With a 50/50 split combination drying floor the new facility was successfully commissioned and handed over to the client ready for the 2016 harvest.

## SCOPE OF WORKS & PROJECT CONTENT...

### Grain Drying & Storage

- Capacity 2500 tonne
- Combinable crops
- Size 48m x 28m wide
- 4 x grain storage bays
- 2 x bays for grain drying
- 50% combination floor
- Softwood/hardwood
- Single fan/housing
- Special elevated design
- 2 x bays for dry grain
- Or general storage
- Concrete retaining walls
- Steel framed structure
- Single skin cladding
- Colour olive green
- 4 x roller shutter doors
- Dark green doors
- Through ventilation
- Automated controls
- Grain store lighting
- Plinth mounted propane tanks
- Operating apron
