PROJECTS

RUSHALL MILL & ORGANICS

Solution proves to be the correct design as the grain storage and processing facility comes on stream...

PROJECTS CAPABILITIES

To develop a technical and commercially acceptable system solution T H WHITE Projects have been able to utilise available resource from their vast depth of knowledge and experience indicated in the capability schedule.

- Land survey & study
- Conceptual phased approach
- Planning assistance / consultation
- Principal designer / contractor
- Design & build contract
- Detailed engineering solutions
- Procurement / fabrications
- Project management / documentation
- System automation & controls
- Mechanical & electrical installation
- Commissioning & handover
- After sales service & support

OPERATING WITH CONFIDENCE

T H WHITE Projects were awarded the contract by Rushall Mill & Organics to design and construct a new grain storage, drying and processing facility within the confines of their existing plant at Pewsey in Wiltshire. After reviewing several design concepts the selected phased options were chosen and the resulting mechanical and electrical system installation inclusive of a specialised cereal colour sorter was successfully commissioned and handed over to a grateful customer.

SCOPE OF WORKS & PROJECT CONTENT...

Grain Intake

- Lorry tip/60tph

Pre Cleaning

- Rotary/drum

Holding Storage

- Wet hopper bins (3)

Continuous Flow Drier

- Vert. Column/oil fired

Cleaning Pre Storage

- Horizontal cleaner
- Multiple screen/decks

In Process Weighing

- Continuous bulk scale

Clean Material Storage (1)

- Square hopper silos

Clean Material Storage (2)

- 6 x bunkers arrangement
- Ventilated on floor drying

Specialised Processing

- Spelt cleaning facility
- Gravity table
- Colour sorter

Controls System/processing

- Automated/SCADA
